

Note: The detailed chronological time line found on the LEFT lists all of the eras, events and people covered by Honour of Kings. Using that same time line, the names of the chapters and topics of other popular history curricula have been placed into the time periods they cover. One can note the gaps in coverage by noting the areas with X's as well as the blocks with limited topics.

All historical topics found in other four history curricula (with the exception of Nomads, Spartacus, and the Colossus of Rhodes) are thoroughly covered in Honour of Kings.
